6. The institution uses multiple criteria to determine which students receive Emergency Financial Aid Grants and how much they receive under Section 18004(a)(1) of the CARES Act. The institution reviewed Title IV eligible students. We had initially asked students to complete a short application; however, after receiving updated guidance, we are not requiring it. To determine eligibility, students must file a FAFSA. The minimum award is \$300 and the maximum is \$1200. All Title IV eligible students receive a base award of \$300. Students who had gross financial need would receive an additional \$100. Students, who were Pell eligible, whether or not they received a Pell Grant during the spring, would receive an additional \$400. If the student replied "yes" to the FAFSA question about whether or not they have children they support, they would receive an additional \$400.
7. Due to the continued disruption of coursework and activities by the emergency, OSUIT made supplemental awards to students who were awarded in the spring and were still students in the summer. Since, there

was considerably less funding available, every student was awarded \$362 additionally for continuing expenses.

8. The institution first sent emails to potentially eligible students starting on May 9, 2020. They were instructed to submit an application by answering the question of did they incur expenses related to the disruption due of COVID-19. Potentially eligible students received a text message on May 12, 2020. For more information about the requirements, please visit our Financial Aid website at [osuit.edu](http://osuit.edu). As we continue to identify eligible students, we will continue to award them.
