

**Advisement Information
OSU Institute of Technology Registered Nursing Program**

**INSTITUTE OF
TECHNOLOGY**

Traditional Application Periods:

**Spring 2021 Entry: August 3 – September 25, 2020*, 4:00 pm
Fall 2021 Entry: February 1 – March 31*, 4:00 pm**

***if this date is a Sat/Sun the end date of the application period will be the next business day**

Key Points about Nursing:

- Until you are accepted to the nursing program, you will **not** be a nursing major and will be enrolled as an allied health science (or other applicable degree) major. Advising is available M-F from 8:00 am to 12:00 pm and 1:00 pm to 4:00 pm, other times by appointment. Walk-ins are welcome or appointments can be made by calling 918-293-5337
- We strongly recommend students contact the nursing department prior to enrolling each semester—this allows us to review your plan of study, required courses and recommend nursing application dates.
- **Students applying to the OSU Institute of Technology nursing program are selected based on a point system. No student is guaranteed admission to the nursing program.**
- Once you are accepted to the nursing program and enrolled in nursing courses, you will be required to:
 - supply and use a tablet device for lab and clinical—must be smaller than 8x11 and capable of running the most updated operating system for either;
 - have computer and internet access at home.

OSUIT Student Nurses Association

Membership in OSU Institute of Technology Student Nurse Association (SNA) is available to both nursing and pre-nursing students. This is the officially recognized organization for nursing students. Membership in the SNA is encouraged as it provides the student with opportunities for professional development; activities related to leadership, education and service are emphasized.

Follow us on Facebook: OSUIT Student Nurses Association

A.S. in Allied Health Sciences to A.A.S. in Nursing

The A.S. in Allied Health Sciences serves multiple purposes including preparing students to apply to the A.A.S. in Nursing program at OSUIT. If they are admitted to the nursing program, each of the courses they have taken will seamlessly transfer to the A.A.S. in Nursing. For convenience, the table below identifies courses meeting A.S. requirements and A.A.S. requirements.

First Semester (14 Hours)

Class	Hours	Transferrable to A.A.S. in Nursing	
ORIE 1011: College Strategies	1		
ENGL 1113: English Composition I	3	ENGL 1113: English Composition I	3
HIST 1493: U.S. History Since 1865	3	HIST 1493: U.S. History Since 1865	3
PSYC 1113: Introductory Psychology	3	PSYC 1113: Introductory Psychology	3
BIOL 1114: General Biology	4		

Second Semester (14 Hours)

Class	Hours	Transferrable to A.A.S. in Nursing	
ENGL 1213: English Composition II	3	ENGL 1213: English Composition II	3
PSYC 2583: Developmental Psychology	3	PSYC 2583: Developmental Psychology	3
BIOL 2104: Human Anatomy	4	BIOL 2104: Human Anatomy	4
BIOL 2114: Human Physiology	4	BIOL 2114: Human Physiology	4

Third Semester (16 Hours)

Class	Hours	Transferrable to A.A.S. in Nursing	
BIOL 2124: General Microbiology	4	BIOL 2124: General Microbiology	4
POLS 1113: US Government	3	POLS 1113: U.S. Government	3
CS 1013: Computer Literacy & Applications	3		
NURS 1143: Professionalism in Healthcare	3		
NSCI 1113: Introduction to Nutrition	3	NSCI 1113: Introduction to Nutrition	3

Fourth Semester (17 Hours)

Class	Hours	Transferrable to A.A.S. in Nursing	
Humanities Elective	3		
MATH 1493: Math for Critical Thinking	3		
CHEM 1314: General Chemistry I	4		
Science/Nursing Elective	4		
Humanities Elective	3		

Upon Acceptance into A.A.S. in Nursing Program

Class	Hours	Transferrable to A.A.S. in Nursing	
		NURS 1128: Foundations of Nursing	8
		NURS 1229: Nursing Care of Families	9
		NURS 1322: Dosage Calculations	2
		NURS 2129: Nursing Care of Adults I	9
		NURS 2229: Nursing Care of Adults II	9
		NURS 2222: Nursing Capstone Seminar	2

For advising information, go to <https://osuit.edu/allied-health/contact.php>

Nursing Program Application

Application to the nursing program and selection process must follow these steps:

1. Apply to OSUIT <https://admissions.osuit.edu/apply/>. This must be completed prior to testing. Once you have completed this process you will receive an acceptance letter from the college. This is separate and distinct from the nursing application.
2. If you have never been advised by the OSUIT nursing program, it is strongly recommended that you meet with an advisor in the nursing department prior to submitting your nursing application.
3. Complete a nursing program application. Nursing program applications can be found on the OSUIT website @ <https://osuit.edu/nursing/index.php> and may be submitted via email to donna.prior@okstate.edu or may be hand delivered to the nursing department. This must be complete for EACH application period—it is not transferrable from one application period to another.
4. Schedule your ACCUPLACER exam with the nursing department. **You cannot take this test until you have completed both the online application to the college and the nursing program application.** At the designated time, students will check in at the front desk in Admissions (Grady Clack building). You will be testing for NURSING SELECTION in the Assessment Center.
5. Testing procedures: The test is self-paced and not timed. You must provide a photo identification for testing. Please do not bring any bags, purses, hats, phones, etc. with you while testing. These items will be placed in a locker. Students will be provided a piece of scratch paper and will use the on-screen calculator within the testing platform. **Please note, the on-screen calculator is not available on the majority of questions—students will be expected to complete the required calculations long-hand.**
6. To be eligible for the selection process students take the following sections and meet the minimum score:
 - Reading 250
 - Writing 250
 - Arithmetic 250
 - QASI (algebra)--no minimum score, for application points only
7. Test results will be sent directly to the nursing department by the Assessment Center; students will be given a copy of their results for their records.
8. Students are only allowed to test **one** time during the application period. Test results are valid for two consecutive application periods—students with existing test scores may opt to retest on any or all sections of the ACCUPLACER and keep the highest score.
9. All official college transcripts from previously attended colleges must be on file in the nursing department with the original in the OSUIT Registrar's office. It is the student's responsibility to make sure that all of their college transcripts have been submitted to the college and the nursing department has access to them. **It is the nursing department's preference to have transcripts sent to nursing for nursing to copy and then forward originals to Admissions.**

Address to have transcripts mailed directly to nursing or emailed:

OSUIT Nursing Department
1801 East 4th Street
Okmulgee OK 74447
donna.prior@okstate.edu

A student will not be considered as a candidate for selection with a D or F in any required support courses on transcripts for the current application period. Courses with a D or F must have been successfully repeated and posted to an official transcript to be eligible for admission to nursing.

Information for Bulletins and Catalogues of Nursing Education Programs

- I. “The Oklahoma State University Institute of Technology nursing program is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for registered nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search, and evidence of citizenship or qualified alien status [59 O.S. §§567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:
 1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
 2. A pending or approved application for asylum in the United States;
 3. Admission into the United States in refugee status;
 4. A pending or approved application for temporary protected status in the United States;
 5. Approved deferred action status; or
 6. A pending application for adjustment of status to legal permanent resident status or conditional resident status.
- II. The Board has the authority to deny a license, recognition or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made, with the exception of felony convictions. Potential applicants to state-approved education programs, with a criminal history, may obtain an initial determination of eligibility for licensure or certification from the Oklahoma Board of Nursing for a fee. The initial determination of eligibility for licensure petition can be accessed at <http://nursing.ok.gov/initialdeterm.pdf>.

Board Approved: 7/92 OBN Policy/Guideline: #E-05 Board Reviewed w/o Revision: 1/29/13
Revised: 9/01; 5/04; 1/25/05; 11/13/07; 5/25/10; 11/4/13; 5/24/16; 11/12/19

Licensing Guidelines for Out of State Residents

The OSUIT nursing program is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for registered nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. Oklahoma licensing requirements, including residency requirements, can be found at: <http://nursing.ok.gov/>.

Oklahoma is additionally a member of the Nurse Licensure Compact (NLC) which enables graduates of the OSUIT nursing program to seek a multistate license allowing practice in all NLC member states. For more information about the NLC including a map of current member states, please visit: <https://www.ncsbn.org/nurse-licensure-compact.htm>. For students residing in non-NLC member states it will be the student's responsibility to review education and licensing requirements for those states as requirements vary. For information about nursing licensure, practice and nursing regulatory bodies in addition to licensure requirements by state, please visit: <https://www.ncsbn.org/14730.htm>

For further clarification about the nursing program's accreditation status, comments, or concerns, contact:

Performance Standards

The following performance standards describe the nonacademic qualifications considered essential for successful admission and progression in the nursing program. These standards address the competencies expected of any nurse, the demands of nursing education and clinical training, and the welfare of patients who will entrust their health and safety to nursing graduates. The examples corresponding to each standard are not inclusive of all expected abilities.

Ability	Standard	Some Examples of Necessary Activities
Critical Thinking	Critical thinking sufficient for clinical judgment.	<ul style="list-style-type: none"> Identify cause-effect relationships in clinical situations. Develop nursing care plans. Demonstrate problem-solving skills. Adapt to stressful situations.
Interpersonal Communication	Interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural and intellectual backgrounds. Ability to convey messages, orally and in writing.	<ul style="list-style-type: none"> Establish rapport with patients and colleagues. Recognize appropriate boundaries in relationships with patients and colleagues. Explain treatment and procedures. Initiate health teaching. Document health related nursing actions and patient responses.
Mobility*	Physical abilities sufficient to move from room to room, maneuver in small spaces & provide assistance to others.	<ul style="list-style-type: none"> Move around in patient rooms/work spaces/treatment areas. Administer CPR. Provide physical assistance to patients and colleagues to ensure safety within the environment. Stand for extended periods. Push/pull and/or lift/carry up to 20 pounds. Exert up to 50 pounds of force occasionally and/or 20 pounds frequently and/or 10 pounds constantly.
Motor Skills*	Gross and fine motor abilities sufficient to provide safe, effective nursing care in a timely manner.	<ul style="list-style-type: none"> Use supplies, safety devices and communication equipment in the care of patients. Perform repetitive tasks/motion.
Hearing*	Actual or corrected auditory acuity sufficient to monitor and assess health needs.	<ul style="list-style-type: none"> Hear auscultated sounds, monitor alarms, emergency signals and cries for help.
Visual*	Actual or corrected visual acuity sufficient for observation and assessment necessary in nursing care.	<ul style="list-style-type: none"> Observe patients for expected and unexpected physical and emotional responses to nursing and medical treatment regimen. Distinguish colors.
Tactile*	Tactile ability sufficient for physical assessment and to perform nursing duties in a timely manner.	<ul style="list-style-type: none"> Perform palpation functions of physical exam. Administer oral, ID, IM, subcutaneous and IV medications. Insert and remove tubes and perform wound care management.

*Requirement may be met via an approved assistive technology on a case by case basis in accordance with ADA statutes

Clinical Records

Upon acceptance to the nursing program, all students will be required to submit the following documentation to the nursing program:

1. Evidence of two MMR's (Measles, Mumps, Rubella) vaccines or a positive titer showing immunity to all three
2. Evidence of Hepatitis B series or positive titer showing immunity
3. Evidence of two Varicella vaccines or positive titer showing immunity
4. Evidence of TDaP booster
5. Evidence of Tuberculosis testing showing negative status and then annually thereafter. Tuberculin skin testing (TST) or blood testing (QuantiFERON Gold or T-SPOT) accepted
6. Evidence of Influenza vaccination (seasonal)
7. Current AHA BLS CPR certification, must include skills competency
8. Negative Federal Criminal Background check (sex-offender is included) **
9. Negative 10-panel urine Drug Screen – performed by a company designated by OSUIT nursing program; specific instructions will be provided to the student. **
10. Attestation of ability to meet the nursing program Performance Standards.

** If the certified background completed prior to admission shows a felony charge, registration on the sex offender registration list, or if the initial drug screen is reported to the nursing program as positive, the student will forfeit admission into the nursing program. LPN students who have a positive drug test will also be reported to the Oklahoma Board of Nursing. Any arrest while in the nursing program must be reported to the Director of Nursing immediately to determine continuing eligibility for clinical practice. Students who fail to report arrests while in the program will be subject to disciplinary action

THREE THINGS YOU SHOULD KNOW ABOUT

Getting a Strong Start in College

Success begins with your placement test.

1 ACCUPLACER® TESTS

Your school uses ACCUPLACER tests to help find out which courses are best for you.

2 PLACEMENT COUNTS

Studying for your placement test can help you place into higher-level courses—saving you money and helping you earn your degree faster.

3 STUDYING HELPS

Studying is easy with the **free** ACCUPLACER study app, giving you access to practice anytime, anywhere.

The app includes sample questions and explanations for both correct and incorrect answers. Explore practice questions and get feedback on the skills you need to focus on the most.

Jump-start your college journey—start preparing for ACCUPLACER today!

Go to accuplacerpractice.collegeboard.org to access the app.

Ask your school administration which version of the ACCUPLACER app is right for you.

***OSUIT uses the NEXTGEN ACCUPLACER for Nursing Program admission testing:

Reading--minimum score 250

Writing--minimum score 250

Arithmetic--minimum score 250

QASI--no minimum score, earn points at 250+

ACCUPLACER®
