

## GENERAL MOTORS ASEP

### ASSOCIATE IN APPLIED SCIENCE (78 CREDIT HOURS)

GM ASEP (Automotive Student Education Program) is sponsored by General Motors and prepares students to become automotive service technicians in high-tech General Motors dealerships located throughout the country.

Students enroll in alternating half-semester sessions of on-campus study and on-site internships for six semesters as they complete their associate in applied science degree. This method of alternating on-campus study with internships is a highly successful method of quickly preparing new technicians for this rapidly growing field. Most graduates start work as GM technicians at the dealership where they interned.

**New student enrollments are only accepted for the fall semester. Students must obtain an approved industry sponsor before enrolling in the program.**

This program of study requires special program fees beyond OSUIT's current tuition and mandatory fees.

*For current program information, please contact a General Motors ASEP program advisor at 918-293-4710 or visit [osuit.edu/gm](https://osuit.edu/gm).*
