### ASSOCIATE IN APPLIED SCIENCE (83 CREDIT HOURS)

The student who enrolls in and completes the Toyota T-TEN (Technician Training and Education Network) program can expect to graduate in two years with an associate in applied science degree. This program is unique because it allows a student to alternate on-campus learning experiences with on-site dealership internship experiences for a half-semester at a time.

**New student enrollments are only accepted for the fall semester. Students must obtain an approved industry sponsor before enrolling in the program.**

This program of study requires special program fees beyond OSUIT's current tuition and mandatory fees.
