The Western Equipment Dealers Association

August 11, 2014. The joint membership of SouthWestern Association (SWA) and Canada West Equipment Dealers Association (CWEDA) voted overwhelmingly in favor of a merger of these two associations to form the new Western Equipment Dealers Association (WEDA). The merger became effective September 1, 2014.

Western Equipment Dealers Association (WEDA) is the largest regional association in North America representing equipment and hardware retailers. WEDA represents more than 1,000 farm, industrial and outdoor power equipment dealers in Manitoba, Saskatchewan, Alberta and British Columbia in Canada, and Kansas, Missouri Oklahoma, Texas and New Mexico in the U.S. Hardware members are represented in the U.S. in the same states, as well as Arkansas, Nebraska and Louisiana. WEDA offers members a comprehensive array of dealer-oriented legislative, educational and communications services, ranging from lobbying to legal, accounting and marketing support.

Program Objective

The Western Equipment Dealers Association Technician Training Program is a cooperative two-year college level Student Technician education program that leads to an Associate in Applied Science degree with a major in Industrial & Farm Equipment Technology. The School of Transportation & Heavy Equipment at Oklahoma State University Institute of Technology, working in close relationship with the sponsoring Western Equipment Dealers Association members, administer the program activities. The Program is exclusively by and for Western Equipment Dealers Association Members.

Program Purpose

The purpose of the program is to upgrade the technical competency and professional level of incoming industrial and farm equipment service technicians. It will train students to analytically diagnose, service and maintain industrial and farm products using recommended procedures, special tools, and service information. It will provide course content that will enable successful graduates to advance in position after additional experience, and to understand new systems and components as they are introduced.

Program Structure

The two-year, six semester program incorporates approximately one-half of the time designated for technical / academic education at OSU Institute of Technology. The remaining time is allocated for on-the-job experience at sponsoring Western Equipment Dealers Association member dealerships. Each block of technical education and general education course work is followed by an immediate dealership work experience time period that reinforces the technical education. These time periods are approximately 7 ½ weeks in length each. It is essential for the success of the program that the students’ education at OSU Institute of Technology and dealership work experiences be closely aligned for maximum student learning and retention.

Since considerable time is spent at the dealership it is a requirement of the program that students have a sponsoring Western Equipment Dealers Association member dealership prior to enrollment. The primary responsibility for the dealership is to provide training-related employment for the students during their dealership learning / work experience, internship.

All tuition, fees, textbooks, travel expenses and housing costs are the responsibility of the student. In addition to these costs, the students are required to purchase a prescribed tool set if they do not already have one.
Program Curriculum
Technical training on industrial and farm equipment and components includes the latest developments in: 
Engine Repair; Hydraulic Systems; Electrical and Electronic Systems; Test Procedures and Diagnostic 
Tools.

In addition to the technical curriculum, courses will be offered in areas such as Math; Composition/Technical 
Writing; Psychology, U.S. History; U.S. Government; Business and Ethics to provide students with the 
background necessary for effective communication of ideas and the development on interpersonal skills.

Purpose of the Internship
The internship allows students to apply, in a real world setting, what they have learned during the previous 
classroom/lab sessions. In addition, students become familiar with the dealership environment, its 
organizational structure, and the competencies that are expected of a professional service technician.

Student Qualifications
Prospective students must be:
1. 18 years of age (or older) by the time of the first internship.
2. High School Graduate or equivalent.
3. Able to meet OSU Institute of Technology admission and academic requirements.
4. Able to meet Western Equipment Dealers Association member dealership hiring requirements.
5. Sponsored by a Western Equipment Dealers Association member.
6. Possess a valid driver's license and maintain an employable driving record.
7. Willing to take a drug test if requested by Dealership sponsor.
   (Note: for many dealerships this is a requirement for employment)

Tobacco use in University Buildings and Grounds
It is the intent of Oklahoma State University to promote the health, well-being and safety of all students, 
faculty, staff and visitors. As such, effective July 1, 2010, Oklahoma State University Institute of 
Technology is designated as a tobacco-free environment. Smoking and the use of all tobacco products 
are prohibited.

Residential Life will designate a limited number of facilities that will be exempt from this policy. 
Residential Life officials charged with oversight of the exempt areas of campus where tobacco use is 
permitted must adopt and post internal policies.

Tobacco use is prohibited in vehicles on grounds owned or under the control of Oklahoma State 
University.

5. Maintain dealership attendance standards.
6. Be responsible for program cost: tuition, fees, books, tools, housing, etc.
7. Wear work uniforms, safety glasses and recommended personal safety equipment during campus class/labs and dealership internship experiences.
Student Selection Procedures

1. Students who wish to become a member of the Western Equipment Dealers Association program should make application to OSU Institute of Technology early in the spring semester (January – March) if possible. This will allow time for processing financial aid packages, identification of preparatory class needs, sponsorship acquisition, etc. The application process includes the following:

   A) Complete OSU Institute of Technology Application for Admission.
   B) Comply with OSU Institute of Technology Admission Policies.
   C) Complete the student assessment process.
   D) Remove preparatory class needs prior to the start of the program classes.

2. Students should complete the Admission process and interview with the Western Equipment Dealers Association member of their choice. Call the School of Diesel and Heavy Equipment at OSU Institute of Technology for a list of Western Equipment Dealers Association members that have agreed to participate in the program. Student interviews should take place at the dealership and participant’s goals should be discussed.

   All Students Must Have A Western Equipment Dealers Association Dealer Sponsor Before Enrollment Can Be Completed.

3. Should the interview prove successful, the dealership will complete the Western Equipment Dealers Association Dealer Sponsorship Application and submit it to the School of Diesel and Heavy Equipment at OSU Institute of Technology.

Financial Assistance

Dealers sponsoring students in the Western Equipment Dealers Association program have agreed to provide each student they sponsor a $200.00 per semester scholarship. The students must maintain a cumulative 2.0 GPA.

Students deciding to be part of the Western Equipment Dealers Association program may have a need for financial assistance. Students involved in the program have the opportunity to earn while they learn during the dealership internship portion of the program. These earnings may be applied to program costs.

Additional financial aid, through loans or grants, for tuition, books, tools, on-campus room and board, etc., may be available through various financial assistance programs. Students needing financial assistance are encouraged to complete the applications for financial aid in the first quarter of each year. Following application submittal, allow an 8-10 week period for processing. Early application assures availability of funds, if qualified, and allows the Financial Aid Office to prepare a realistic financial aid package.

Financial Aid information may be obtained by calling the Student Financial Services Office at (918) 293-4684.

Note: Tools required for the Western Equipment Dealers Association program are considered an educational expense and should be included in education costs when applying for student financial aid.

**If zero level courses are taken, a Remedial Supplemental Fee of $18.50 per credit hour will be charged.

Tool costs for Snap-On, Mac, and Matco sets are approximately ½ retail prices with student discount. The Western Equipment Dealers Association program advisory committee and faculty establish the required tool set for students in the Western Equipment Dealers Association program. Faculty members suggest students spend time talking to veteran technicians prior to tool purchase.

WESTERN EQUIPMENT DEALERS ASSOCIATION DEALER INFORMATION

How will the program benefit your dealership?

This program is your answer to the skilled technician shortage. It responds to the needs of Western Equipment Dealers Association member dealerships for highly qualified, motivated and skilled technicians. Technicians who are...

1. Trained on current industrial and farm products.
2. Trained in the latest diagnostic and servicing procedures.
3. Trained to "do it right the first time!"
4. Trained with a positive attitude about their job.
5. Productive before they complete their training.
6. Educated in the important areas of communication, reading, mathematics, business management, business ethics, etc.

This program is a planned dealership personnel development program. It combines the resources of OSU Institute of Technology and your Dealership to build a true educational partnership! A partnership designed to focus on the success of your potential employee, the Western Equipment Dealers Association student. This program, along with additional experience and guidance helps you develop future Field Service Technicians, Master Technicians, Shop Foremen and Service Managers.

It is cost-effective! The best news is that there is no required up-front cost for the dealership. Your investment is minimal. Here's why:

1. You select and supervise the student as a productive employee of your dealership. The cooperative educational work experience occurs in your dealership, under your supervision and direction.
2. The student is responsible for the cost of tuition, fees, books and the required basic tool set.
3. You and the student agree on the wage rate during the internship experience. You are not required to pay them while they are attending classes at OSU Institute of Technology.
4. The Advisory Board for the Western Equipment Dealers Association on September 14, 2004 approved a motion that each dealer that selects a student to enter this program will provide a $350.00 per semester scholarship, to be billed each semester. $200.00 will go to the student, $150.00 will be used by OSU Institute of Technology for program operation. Dealers may elect to provide other scholarships, incentives or financial help to your student, at your option.

How are Western Equipment Dealers Association program students recruited?

OSU Institute of Technology will assist in recruiting students. It is the dealerships responsibility, however, to select the “right” student. You should actively recruit a student from your area. Some good sources are:

1. Current employees
2. Employees friends, families
3. Customers
4. High Schools
5. Vo-Tech Schools
6. FFA Chapters
7. VICA

Once you have identified a student you believe will be a good applicant, bring the student to visit the campus at OSU Institute of Technology to tour the facilities, interview with the faculty, complete assessment. Upon completion and with further discussion, a final decision should be made regarding sponsorship. It is also a good idea to offer the student some type of summer employment. This will allow both of you to verify that you have made the right decision, before the program begins.
What are the responsibilities of a participating dealership?

1. Indicate interest in becoming a sponsoring dealership.
2. Recruit, interview and select prospective student.
3. Assign an in-dealership coordinator who will monitor the student during the internship.
4. Provide dealership coordinated educational work/learning experiences (internships) in areas of technical education that were just concluded at OSU Institute of Technology.
5. Pay wages to the student during periods of internship at the dealership. This will instill in the student a sense that their employment is necessary to the dealership and promote dealership loyalty.
6. Provide uniforms for the student, consistent with dealership policy.
7. Complete student evaluation forms during each internship.
8. Advise school of concerns or changes in student status with dealership.

What is the wage rate for Western Equipment Dealers Association Program Students?

The rate of pay is negotiable and is between you and the student. Western Equipment Dealers Association program students base their value to the dealership on two important factors; the quality of training that is provided while on internship at the dealership and prevailing wages. Successful people are motivated by a variety of things, but most expect to be rewarded in the form of an increase in salary. This is especially true when they are performing jobs well and continue to improve their skills and abilities. Western Equipment Dealers Association program students are no different. A pay plan that rewards them for maintaining acceptable grades, doing good work, and improving productivity and efficiency is essential.

Western Equipment Dealers Association program students understand that they are trainees, and do not expect to be paid a journeyman wage during the training program. However, many of the best students have bills to pay, and families to support. Please consider the student's situation to arrive at an acceptable starting wage, and when developing a progressing pay plan or any incentive schedule.

What can the dealership expect?

In today's increasingly competitive market, customer satisfaction and customer loyalty are the keys to success and survival. For your dealership, the key to customer satisfaction is your service department. Where do you find the right employees? The answer is to attract and develop new technicians through the Western Equipment Dealers Association Program.

At the completion of the Western Equipment Dealers Association Program, you have a potential employee that is familiar with you, your dealership, and the equipment you sell and service. You have selected individuals you want to hire and you have taught them your way of doing business. The objective of the Western Equipment Dealers Association Program is simple; to select the best people to work on the best equipment, and provide the best customer service possible.

</table>

- A CODE is not required but will supply an additional security check. Please supply the CODE and HINT to each person named above, if applicable. We will require the CODE from the person named if a CODE is supplied.

ABOUT YOUR CONFIDENTIAL RECORDS:
I understand that my records are protected under a number of federal and state confidentiality regulations and cannot be disclosed without my prior written consent unless otherwise provided for in state and federal regulations, such as Directory Information. I also understand that I may revoke this consent by writing a request at any time except to the extent that action has been taken in reliance on it (e.g. information has been sent or received prior to your revocation, etc.).

I further understand that Oklahoma State University and/or its staff/employees cannot be responsible for confidentiality of information disclosed after said information has been released pursuant to this authorization, and I hereby release Oklahoma State University, and its staff/employees from any liability arising from such disclosure.

Acknowledging the above, with the attached signature, I hereby give authority to proceed as directed herein.

YOU MUST BE A U.S. CITIZEN TO USE THIS FORM. PRINT OR TYPE ALL INFORMATION.
(Non U.S. citizens should visit www.osuit.edu/admissions/international)
Return this form and application for admissions (if not already submitted) to:
OSUIT, Scholarship Services, 1801 East 4th Street, Okmulgee, OK, 74447-3901
All students must be enrolled full-time (12 hours) in a degree-seeking AS, AAS or BT program. Additionally, students are
required to live on campus to be awarded and continue to receive the non-resident tuition waiver unless at the time of
application:
Student is 21 years of age or older
Student is married
Student has legal custody of a child

Completion of application does not necessarily guarantee scholarship award. Students must meet eligibility criteria listed
below and awards are contingent on available funding. Should you be awarded this waiver, you will be notified through the
financial aid award letter or you can check your WEB4Students account online @prodokm.okstate.edu.
FIRST TIME FRESHMAN OR TRANSFER WITH LESS THAN 24 CREDIT HOURS (must meet at least one of the following criteria):
☐ 2.0 cumulative high school GPA
☐ 18 ACT composite or equivalent 860 on SAT
☐ Proficiency in at least 2 of 3 curricular areas (English-74, Pre-Algebra 46, Reading-81) on COMPASS placement testing or
demonstrated by college credit

TRANSFER WITH 24 OR MORE CREDIT HOURS:
☐ 2.0 cumulative college GPA

STUDENTS WHO DO NOT MEET ABOVE ACADEMIC CRITERIA – may apply once their Institution GPA is 2.0 and they have
completed a minimum of 12 hrs. Failure to meet the continuing student criteria listed below will result in ineligibility for the
Non-Resident Tuition Waiver for subsequent semesters until the Institution GPA and completion rate reach the level required
for continuing students.
Continuing students will automatically receive the NRTW by meeting the following requirements:
2.0 Institution GPA
75% completion rate of enrolled classes as of the end of the add/drop period
Full time enrollment (12 hrs). EXCEPTION: If the student is in the graduating semester, verified by degree audit from their
program).

Continuing students who do not meet these standards each term will be placed on probation for one semester. Should the awarded
students not meet the above requirements for a second term, the student will no longer be eligible for the Non-Resident Tuition Waiver for
the following term. Awarded students will remain on probation until the Institution GPA reaches the above standards.

APPEAL PROCESS:
Should a student lose eligibility for a NRTW due to suspension, an appeal may be made, in writing, to the Coordinator of
Scholarships located in the Grady Clack Building. Appeal must state extenuating circumstances and explain how the issues are
being addressed.

Student’s Legal name:
Last First MI Maiden
College Wide ID No (CWID): Program:
Semester of Admission/Year:
Fall, Spring or Summer semester of the year for which you are applying (example: Fall 2009)
I understand a full Non-Resident Waiver includes only a waiver of the non-resident portion of the semester credit hour tuition and that the
remaining fees, as paid by Oklahoma residents, still apply. I further understand that my Non-Resident Tuition Waiver is conditionally awarded
subject to verification of housing status, an Institution GPA of at least 2.0 and full time enrollment. Failure to meet any of the conditions stated
above will result in the loss of this Non-Resident Tuition Waiver.
